

Umoja Summer Learning Institute
July 21-25, 2008
Richard E. Holz Conference Center
WEEK AT A GLANCE

Goals of Training

- To introduce all components of the Umoja Community and enable each team to work with these components, so they are familiar and connected.
- Each team will appraise the situation on their respective campuses as it pertains to the possibility of creating and/or sustaining an Umoja Community on their campus.
- Each team will list and describe to others the areas of concern that exist on their respective campuses.
- Each team will interpret and practice African-centered and culturally responsive retention and pedagogical practices.
- Each team will create a comprehensive binder/portfolio that contains the essential materials for their campus' program.
- Each team will assess/evaluate their portfolio for efficacy and potential effectiveness on their campus.
- Each team will present their work to the Umoja Community in attendance at the training.
